Format of Service

Here are some things to consider when planning our time together, especially on a Sunday morning.

- **Sunday School**

If you want me or my wife to speak and/or sing in the Sunday school hour, I/we would be happy to. In fact, sometimes pastors combine adult classes to have us do a concert or “break out” session on a certain theme. However, please let me know well ahead of our meeting so I/we can be prepared. If I do not hear from you before the meeting, I will assume we will not have any responsibilities during the Sunday school hour.

- **Worship Hour**

While the preaching is the primary focus, music has always been an important part of our ministry, and I would love to share in music while I am with you. God often uses my singing to help me connect with the people and prepare hearts to receive the message. I can approach the music in a variety of ways, according to your preference. I can sing special music, lead worship music, or a combination of the two. I realize that time restraints may be a factor, and I can work within your time frame. Please let me know as soon as possible the part you would like for me to have in the music, as well as any music your people may plan to do, so I can plan accordingly.

We carry our own sound system, which my wife runs for me. It is what I am used to and most comfortable with. If you need a feed into my board for the nursery or radio/TV, I have that available and would be glad to work with your audio technician. Please have him/her come early to give us time to test it. Also, if my portion of the music is minimal, I may want to forego setting up our system, and use the house system. In this case, I would need to set up a time to meet with your sound technician for sound check and preparation.

...For the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ...
